OMEGA FIVE / BOUNDARY & SCOPE

Fixed fee: EUR 3,900 / one eligible profile

Two scheduled calls: one 20-minute scope lock and one 20-minute decision handoff. All other preflight work is asynchronous.

Included

One approved isolated dataset and one buyer-optimized comparator; up to 30 paired repetitions per feasible scenario; independent oracle; 1-page GO / NO-GO / INCONCLUSIVE memo and focused evidence annex.

Timing and payment

Target seven business days from acceptance of complete approved inputs. 50 percent on signed acceptance and 50 percent on delivery. Applicable taxes per quote.

Express exclusions

No code changes, production deployment, hardware actuation, architecture consultancy, unlimited calls, external lab/cloud charges, certification, guaranteed savings or license to private IP.

Data and ownership

Buyer owns buyer data. Researcher retains all private source, algorithms, tooling and know-how. A valid negative result completes the engagement.

Public precontractual preview only; effective after mutual signature and applicable privacy / tax terms.
